

42 - RC Car

Build	Could you clone from Git and build using the README file?	N/A. Hardware not available.	
Legibility	Was the flow sane and were variable names and methods easy to follow? Does the code adhere to general guidelines and code style?	Yes. Code looks clean.	
Implementation	is it shorter/easier/faster/cleaner/safer to write functionally equivalent code? Do you see useful abstractons?	Code looks good given the time we had. Abstractions all look intuitive.	
Maintainability	Are there unit tests? Should there be? Are the test covering interesting cases? Are they readable?	Given the unique nature of the project and the difficulty presented in testing, the group's described testing sounded good.	
Requirements	Does the code fulfill the requirements?	Yes, the code fulfills the requirements.	
Other	Any other improvements?	Not that I could find in the time allowed. Impressed with what the group has accomplished despite the described hurdles.
